Summary

Hello! I'm Tulasi, an Information Technology student with a passion for data science. I love working with data, analyzing it, and using it to gain insights. For me, data is not just numbers and figures, but a language that speaks volumes when analyzed with the right tools and techniques. I believe that data has the power to transform businesses and societies, and I am excited to be a part of this revolution by utilizing my skills and knowledge as a data scientist.

Projects

- Twitter Scraping**
Developer
<https://tulasinnd-twitter-scraping-with-snsrape-twitter-scraper-sm39k5.streamlit.app/>
This application basically scrapes information from twitter. User will be able to scrape data by entering any key word or hashtag
- PhonePe Pulse Data Analysis**
Developer
<https://tulasinnd-phonepe-pulse-data-2018-2022-phonepe-dashboard-2drsrt.streamlit.app/>
I have recently created a dashboard using Streamlit and Plotly to visualize PhonePe Pulse data. The dashboard offers users insights into total transaction distribution across India through an interactive map, year-over-year transaction growth, and user base growth of the PhonePe app and many more things.
